Executive Desk with Return

Executive Desk on Supporting cabinet

A furniture project that explores the essentiality of the design of the structure by combining elliptic and linear elements to reinvent the classic loop leg, common denominator of high level executive desks and stylish meeting tables.

The combination of surfaces, big volumes and precious materials create a perfect harmony between worktop and service multifunctional low storage.

The variety of the accessories and the particular care for all details exalt the versatility of the desk. Quality of the material, flexibility, dimensions: these are the main features of the wide meeting tables conceived for team work always connected with the rest of the world.
